Annotate to remember

Annotating a text is an excellent way to make the most out of the reading. Annotations make it easy to find important information when you need it.

On the top toolbar under **Annotate** select the tool that works best for you.
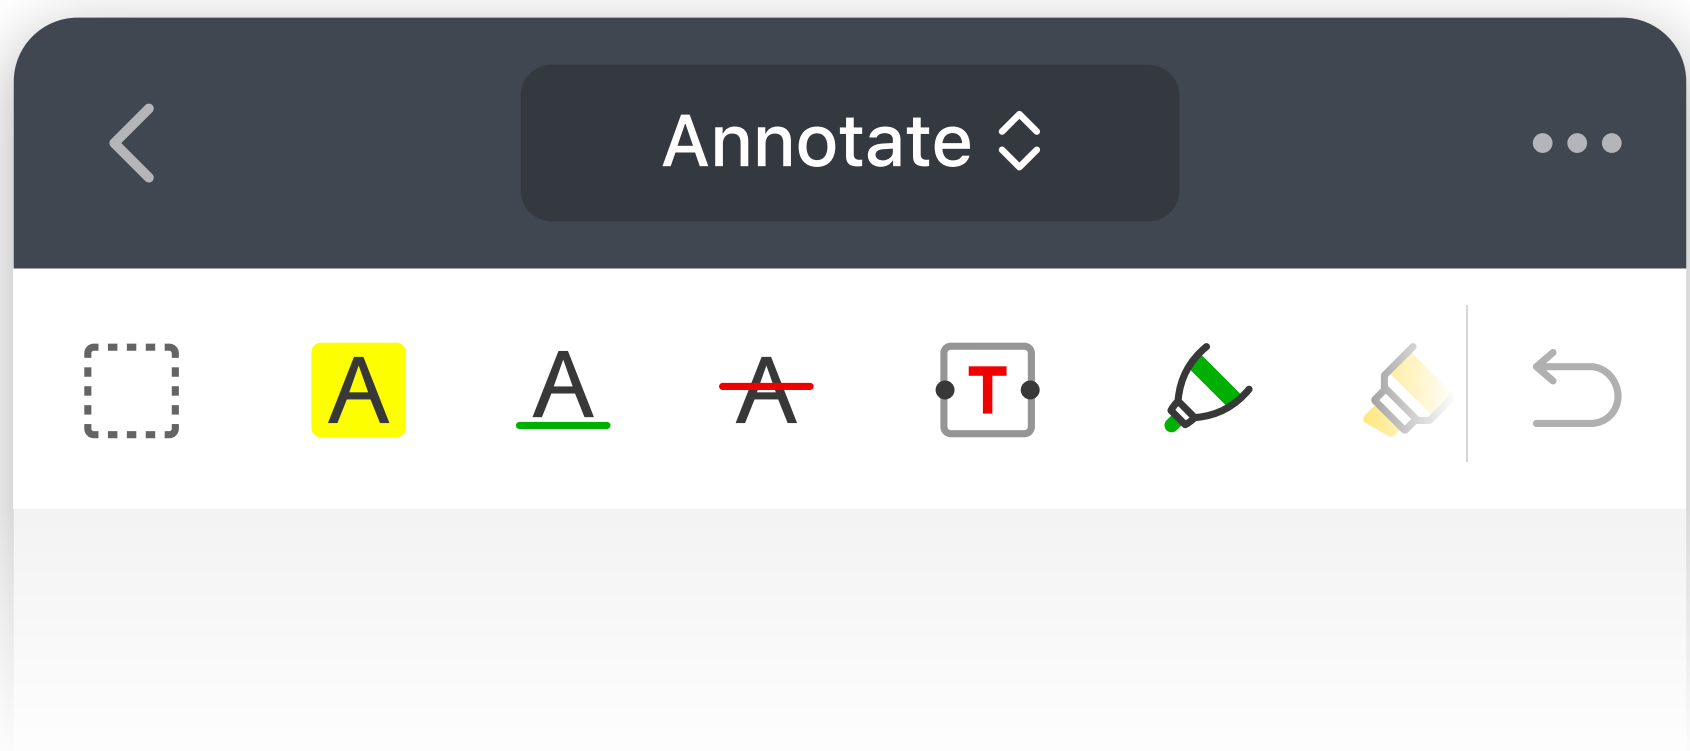

Some annotation tools can be selected by tapping and holding on any place in the document and choosing the tool from the popup.

A

Highlight with colors

Colors emphasize different values of information: highlight the main ideas with yellow, take green for additional info, and red for disagreements.
